# Trolley Specification

## XL Twin Screen VC Trolley

For twin screens up to 75"

**BT8517**

The BT8517 is a premium mobile mounting solution designed to mount two screens side-by-side for video conferencing applications. Non-marking braked castors allow the trolley to be relocated easily and safely without marking floor surfaces whilst the integrated cable management hides any connection cables for a smart installation. Interface arms feature levelling screws to help adjust and align the height of the screens and a VC shelf with adjustable mounting arm allows a camera to be fitted above or below the screens.
